#### **Defect Details**

| NC No.                | 8000890966                          |
|-----------------------|-------------------------------------|
| NC Date               | 13/09/2024                          |
| NC Submission Date    |                                     |
| Part No.              | B2KN01103O                          |
| Part Name             | RESERVOIR CAP RAW CASTING           |
| Supplier Name & Code  | 100865-HI TECH ARAI PVT LTD UNIT XI |
| ETL Plant             | 1120-ETL K-226/2 Disc Brakes        |
| <b>Defect Details</b> | BUFFING DEFECT-LETTER MARKING NT OK |

# 1. Problem Description

| Defect Description     | BUFFING DEFECT-LETTER MARKING NT OK |
|------------------------|-------------------------------------|
| <b>Detection Stage</b> | Receipt                             |
| Problem Severity       | Aesthetic                           |
| NG Quantity            | 978                                 |
| Is Defect Repeatative? | No                                  |
| Defect Sketch / Photo  |                                     |

# Supplier Communication Details

| Quality Head Email ID   | rajeshwaran.m@hitecharai.com  |
|-------------------------|-------------------------------|
| Plant Head/CEO Email ID | sundararaman.v@hitecharai.com |
| MD Email ID             | spm32@hotmail.com             |

# 2. Stock Details & action taken for NG parts

| Location         | ETL End | Warehouse | Transit | Supplier FG | Supplier WIP | Total |
|------------------|---------|-----------|---------|-------------|--------------|-------|
| <b>Total Qty</b> | 28000   | 5000      | 0       | 0           | 3000         | 36000 |
| Check Qty        | 28000   | 5000      | 0       | 0           | 3000         | 36000 |
| NG Qty           | 978     | 200       | 0       | 0           | 0            | 1178  |

#### Action taken on NG part

| Scrap                  | 1178 |
|------------------------|------|
| Rework                 | 0    |
| <b>Under Deviation</b> | 0    |

#### **Containment Action**

 ${\it ETL} \; End - 978 \; Qty \; rejected \; by \; {\it ETL} \; . \; Available \; stock \; at \; Supplier \; end \; verified \; and \; sorting \; out.$ 

#### 3. Process Flow

# Casting - fettling

### 4. Process Details

| Process / Operation | Casting            |
|---------------------|--------------------|
| Outsource           | No                 |
| Machine / Cell      | Diecasting machice |
| Machine / Cell No.  | 125T               |

## 5. Problem Analysis

| Туре     | Possible Cause  | Fact Verification   | Jud |
|----------|-----------------|---------------------|-----|
| Material | Insert Chip off | Insert verification | 0   |

# 6. Inspection Method Analysis (Current)

| Inspection Method                  | Other             |
|------------------------------------|-------------------|
| Other Inspection Method            | Visual Inspection |
| Check Point at Final<br>Inspection | Yes               |
| Checking Freq.                     | Sampling          |
| Sampling                           | No                |
| Sample Size                        | 5 / 2hrs          |

# 7. Root Cause Analysis (Occurance)

| Why 1                  | Letter damage issue observed                               |
|------------------------|--|
| Why 2                  | Due to material stuck at letter area                       |
| Why 3                  | Due to insert chip off                                     |
| Why 4                  |  |
| Why 5                  |  |
| Root Cause (Occurance) | Letter damage issue happened due to insert chip off issue. |

## Root Cause Analysis (Outflow)

| Why 1                | Letter damage issue observed                    |
|----------------------|---|
| Why 2                | Due to lack of awareness                        |
| Why 3                | Due to after powder coating only identification |
| Why 4                |   |
| Why 5                |   |
| Root Cause (Outflow) | Due to after powder coating only identification |

# 8. Countermeasure ( Occurrence , Outflow & System side Actions )

| Type Cou       | ountermeasure Details  | Responsibility  | Target Date | Actual Date | Status    |
|----------------|------------------------|-----------------|-------------|-------------|-----------|
| Occurance Inse | sert send to reforming | Mr.Balakrishnan | 05/09/2024  | 05/09/2024  | Completed |

|         | Briefing the quality requirement for fettling operator, |                    |            |            |           |
|---------|---|--------------------|------------|------------|-----------|
| Outflow | inspector & ware house in-charge based on defect        | Rajeshwaran / Mane | 06/09/2024 | 06/09/2024 | Completed |
|         | details and actual part                                 |                    |            |            |           |

# 9. Inspection Method After Customer Complaint

| Change In Inspection System        | Yes                          |
|------------------------------------|------------------------------|
| Change Details                     | 100% inspection on PDI stage |
| Inspection Method                  | Other                        |
| Other Inspection Method            | Visual                       |
| Check Point at Final<br>Inspection | Yes                          |
| Checking Freq.                     | 100%                         |
| Sampling                           | No                           |
| Sample Size                        | 100%                         |

### 10. Evidance of Countermeasure

| Occurance (Before) | Defect Photo 1094_Occurance_Before.jpg            |
|--------------------|---|
| Occurance (After)  | Correction Photo 1094_Occurance_After.jpg         |
| Outflow (Before)   | No 100% inspection 1094_Outflow_Before.jpg        |
| Outflow (After)    | To conduct 100% inspection 1094_Outflow_After.jpg |

## 11. Horizontal Deployment

| Horizontal Deployment<br>Required     | Yes               |
|---------------------------------------|-------------------|
| Applicable Machine /<br>Model / Plant | All reservoir Cap |

#### 12. Document Review

| Documents                     | InspCheckSheet |
|-------------------------------|----------------|
| <b>Specify Other Document</b> | nil            |

#### 13. Effectiveness Of Action

| Reviewed Quantity     | 150                |
|-----------------------|--------------------|
| Reason for submission | Improvement found. |
