Control Equipment : Air pollution control equipments of adequate capacity shall be provided to limit the emissions.

Stand	lards for E	missions	of Air	Pollutan	ts:	
6)	SPM/TPM		Not to	exceed	50	m

SPM/TPM Not to exceed 50 mg/Nm³

(ii)	SO2	Not to exceed	Kg/Day.
40.00			

(ii) The applicant shall observe the following fuel pattern:-

Sr. No.	Type Of Fuel	Quantity	UOM	
1	LPG	25	Kg/day	

(iiii) The applicant shall crect the chimney(s) of the following specifications:-

Sr. No.	Chimney Attached To	Height in Mtrs.
1	Oven	500

- (iv) The applicant shall provide ports in the chimney/(s) and facilities such as ladder, platform etc. for monitoring the air emissions and the same shall be open for inspection to/and for use of the Board's Staff. The chimney(s) vents attached to various sources of emission shall be designated by numbers such as S-1, S-2, etc. and these shall be painted/displayed to facilitate identification.
- (v) The industry shall take adequate measures for control of noise levels from its own sources within the premises so as to maintain ambient air quality standard in respect of noise to less than 75 dB(A) during day time and 70 dB(A) during night time. Day time is reckoned in between 6 a.m. and 10 p.m. and night time is reckoned between 10 p.m. and 6 a.m.
- (vi) Other Conditions :
 - 1) The industry should not cause any nuisance in surrounding area.
 - 2) The industry should monitor stack emissions and ambient air quality regularly.
 - 3) The applicant shall plant minimum three verities of trees such as Eucalyptus, Su Babul etc. and the density of same not less than 1000 trees per acre over 40% of the available open land.
- CONDITIONS UNDER HAZARDOUS & OTHER WASTE (MANAGEMENT & TRANSBOUNDRY MOVEMENT) RULES, 2016:

The applicant shall handle hazardous wastes as specified below: Itam No. an

14.118	No.	Sch-l	Type of Waste	Quantity	Disposal
	1	12.5	Phosphate Sludge	30 kg/M	CHWTSDF
ant	b)	and the report of the to this office, MPCE It shall be ensured of strictly in accord	splay and maintain hi & English both or te compliance along 9, HQ, Mumbai and o that the Hazardous ance with the Haza spinent) Kules, 2016	the data online out a 6'x4' display boar with photograph sha concerned Sub-Regio waste is handled, m	side the factory d in the manner all be submitted nal Office. tanaged & disposed te (Management & nitted to the Board
	-+	51510	108 0 C		Page 3 of 5

- c) Whenever due to any accident or other unforeseen act or even, such emissions occur or is apprehended to occur in excess of standards laid down, such information shall be forthwith Reported to Board, concerned Police Station, office of Directorate of Health Services, Department of Explosives, Inspectorate of Factories and Local Body and the production process should be stopped by taking safety measures. The industry shall also monitor the emission and ensure that the emissions do not cause any harm or nuisance in the surrounding. The industry should not restart the process without permission of the Board and other statutory organizations as require under the law.
- d) Industry shall obtain registration from CPCB as a re-refiner of Used oil having environmentally sound technology as per the provisions of Hazardous & Other Waste (Management & Transboundary Movement) Rules 2016 before commencement of production.
- 7. Industry shall comply with following additional conditions:
 - i. The applicant shall maintain good housekeeping and take adequate measures for control of pollution from all sources so as not to cause nuisance to surrounding area / inhabitants.
 - ii. The applicant shall bring minimum 40% of the available open land under green coverage/ tree plantation.
 - iii. Solid waste The non hazardous solid waste arising in the factory premises, sweepings, etc., be disposed of scientifically so as not to cause any nuisance / pollution. The applicant shall take necessary permissions from civic authorities for disposal to dumping ground.
 - iv. The applicant shall provide for an alternate electric power source sufficient to operate all pollution control facilities installed by the applicant to maintain compliance with the terms and conditions of the consent. In the absence, the applicant shall stop, reduce or otherwise, control production to abide by terms & conditions of this consent regarding pollution levels.
 - v. The applicant shall not change or alter quantity, quality, the rate of discharge, temperature or the mode of the effluent / emissions or hazardous wastes or control equipments provided for without previous written permission of the Board.
 - vi. The applicant shall provide facility for collection of environmental samples and samples of trade and sewage effluents, air emissions and hazardous wastes to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
 - vii. The applicant shall make an application for renewal of the consent at least 60 days before the date of the expiry of the consent.
 - Wii The firm shall submit to this office, the 30th day of September every year, the Environmental Statement Report for the financial year ending 31st March in the prescribed Form-V as pre the provisions of rule 14 of the Environment (Protection) (Second Amendment) Rules, 1992.
 - ix. As inspection book shall be opened and made available to the Board's officers during their visit to the applicant.
 - x. The applicant shall install a separate electric meter showing the consumption of energy for operation of domestic and industrial effluent treatment plants and air pollution control system. A register showing consumption of chemicals used for treatment shall be maintained.
 - xi. Separate drainage system shall be provided for collection of trade and sewage effluents. Terminal manholes shall be provided at the end of collection system

Page 4 of 5 RANGABAD

with arrangement for measuring the flow. No effluent shall be admitted in the pipes / sewers down- stream of the terminal manholes. No effluent shall find its way other than in designed and provided collection System.

- xii. Neither storm water nor discharge from other premises shall be allowed to mix with the effluents from the factory.
- This Consent shall not be construed any relaxation from obtaining necessary No Objection Certificate from other Government Agencies as may deemed fit necessary.
- 9. The total capital investment of the plant is Rs. 369.86 Lakh Only.
- The Board reserves the right to revoke, change or alter the terms and conditions of this Consent.
- 11. The applicant shall change their underground ETP tank to overhead as per minutes of CEPI, Aurangabad held on 12/02/2020.
- 12. The applicant shall follow the mechanism for Environmental Management of Critically and severely polluted areas in compliance of the order dated 23/08/2019 passed by the H'ble National Green Tribunal, Principal Bench., New Delhi in the matter of OA No. 1038/2018.
- This Consent is issued without prejudice to the decision passed / to be passed by the Hon'ble NGT, Principal Bench, New Delhi in OA No. 1038/2018.
- The unit shall submit the Bank Guranttee of Rs 1.0 Lacks towards O & M of pollution control system and compliance of consent conditions.
