EOHS POLICY

The CEO have defined and documented Environment, Occupational Health and Safety Policy which clearly states overall health and safety objectives and the commitment to improve environment, occupational health and safety performance.

- It is appropriate to the nature and scale of the organization's OH&S risks, environmental impact of its activities, products and services
- Inclusive of commitment to continual improvement and prevention of pollution/injury / ill health.
- Inclusive of commitment to at least comply with current applicable EOHS legislation and with other requirements to which the organization subscribes this relates to its OH&S risks and environmental aspects.
- Documented, implemented and maintained.
- Communicated to all employees and persons working for or on behalf of the organization with the intent that the employees and others are made aware of their individual EOHS obligations.
- Available to interested parties and public
- Reviewed periodically to ensure that it remains relevant and appropriate to the organization.

This policy will be communicated to all employees, interested parties and public through display boards at strategic locations.
