## Quality, Health, Safety & Environment Policy

We, at Vishakha Structurrls, believe that our long-term business success depends on our ability to deliver the quality of products and services while protecting the people and the environment. We shall, therefore, work towards continually improving the effectiveness of our Quality, Health, and Safety and Environment (QHSE) Management system. Our goals and objectives shall be:

- Provision of safe working environment to prevent injury and ill-health.
- Elimination of hazards and to ensure well being of stakeholders.
- Identification and management of risks and opportunities.
- Provision of adequate resources and its optimal utilization.
- Devising and planning systems and processes for effective operations.
- Delivering requisite quality of products and services to enhance customer satisfaction.
- Compliance with applicable legal, contractual and other requirements.
- Prevention of pollution and protection of environment.
- Engaging with stakeholders n QHSE aspects.
- Training, knowledge sharing and support to stakeholders.
