## Declaration of Yodha have a Awareness of Method Statement

We, **Yodha Manufacturing and Equipments Private Limited** hereby declare that our employees are adequately aware of the importance and implementation of Method Statements.

A Method Statement is a detailed document that outlines the step-by-step procedures and safety measures to be followed when undertaking specific tasks or projects.

We have conducted comprehensive training sessions to educate our employees about the purpose, significance, and creation of Method Statements. This training covers the proper identification and assessment of hazards, determination of control measures, and the process of developing effective Method Statements.

Based on our records and ongoing monitoring, we can confirm that our employees are adequately aware of the importance and implementation of Method Statements. They understand the necessity of creating and following Method Statements to ensure safe working practices and mitigate potential risks associated with their tasks or projects.
