

Health, Safety and Environment Policy

Quality Austria Central Asia has a respect for its societal contribution and it's responsibility. The management and all employees are committed to provide and maintain a safe and healthy work conditions for all employees, as well as for our clients, suppliers, visitors and the public in general.

We are also committed to prevent, reduce or eliminate negative impacts on the environment, due to our activities. Our commitment includes developing, implementing, embedding and improving a management system, that covers the Health, Safety and Environmental performance.

Our key HSE Objectives are:

- Eliminate environmental, health and safety hazards, and reduce associated risks.
- Protect the environment by preventing adverse impact, reduce use of resources including energy in all forms, and reduce waste.
- Meet all legislative, regulatory contractual and compliance requirements.
- Employees shall be made aware of this policy, receive appropriate training, and are encouraged to provide feedback on performance.
- Continually improve the environmental performance and aim for an accident and incident free operation.
- Communicate within and to outside stakeholders on environmental, health and safety matters as appropriate.
- Review, improve and report annually on our performance.

The directors and managers will be responsible for the compliance to this policy while all employees shall be responsible to eliminate and reduce environmental, health and safety risks, and adhere to the laid down procedures.

Pankaj Rai
Managing Director
