QUALITY, ENVIRONMENT, HEALTH & SAFETY (QEHS) POLICY

As an integral part of our business philosophy, we at MACPL are committed to cater customer requirement, conserving the environment and providing a safe and healthy workplace to our employees and stakeholders.

Towards this we shall,

- Strive to achieve customer satisfaction by achieving perfection and consistency in product quality. This we shall achieve through processes capable of delivering the required productivity and continually improve quality and innovation, with adherence to quality management system.
- Ensure compliance to all applicable legal and other requirements of EHS, to which the organization subscribes.
- We shall continually improve to optimize the use of water, energy and other resources as a contribution towards restoration of ecological balance for healthy coexistence of flora and fauna.
- and prevent water, air, land and noise pollution.
- Prevent injury and ill health.
- Continually improve occupational health & safety management and performance.

For reaching this goal, we the management and employees pledge our collective Knowledge, skills and efforts.
