HAZARD IDENTIFICATION AND RISK ASSESSMENT (HIRA STUDY)

We Integrated Coolant Management Services hereby declare that we have conducted studies related to HIRA (Hazard Identification And Risk Assessment) in past /or as a part of current practices . the statement made by in all respects ,correct and true to the best of our knowledge and belief ;we agree that this declaration shall be the basis of our agreement between us.

We are committed to follow the practices in following way

- Collect and review information about the hazards present or likely to be present in the workplace.
- Conduct initial and periodic workplace inspections of the workplace to identify new or recurring hazards.
- Investigate injuries, illness, incidents, and close calls/near misses to determine the underlying hazards, their causes, and safety and health program shortcoming.
- Group similar incidents and identify trends in injuries, illness, and hazards reported.
- Consider hazards associated with emergency or no routine situations.
- Determine the severity and likelihood of incidents that could result for each hazard identified, and use this information to prioritize corrective actions.

Yours truly,

For,
Integrated Coolant Management Services
