Safety Procedure

To all employees:

As your employer, we are required to comply with all safety and health legislation that applies to this company. We assure that our employees will be made aware of safety procedures of this company where we deploy our manpower. We have discussed the procedures with all relevant employees and worked with the safety committee in preparing this Safety Statement. We expect all employees to co-operate with us so that we can achieve our target of avoiding accidents. Consultation on safety and health matters will be discussed amongst employees and management of the company through designated safety team .

We further declare that we shall Comply with all the safety and health rules for your area and shall report report safety and health problems to your supervisor.
