Safety , Health and Environmental Policy

5th May 2019

The management of Gayatri Automation Systems Pvt. Ltd. Striving for excellence in all we do.

Recognizes the impact that our activities may have on people and the environment.

To implement and maintain, as far as is reasonably practicable , the activities of the Company in such a manner, as to prevent harm or damage to person and property respectfully.

Safety, health and protection of the environment will from an integral part of our Planning and decision making, we will manage our company , wherever we do Business, in an ethical way that strikes an appropriate and well reasoned balance between economic social and environment needs.

We are committed to,

- ❖ Conducting our business with respect and care for people and the environment
- ❖ Responsible utilization of natural resources.
- ❖ Continually improving our safety, health and environment performance.
- ❖ Complying as a minimum, with all applicable legal and other agreed requirements
- ❖ Promoting dialogue with stakeholders about safety, health and environmental performance

We achieve these by

- ❖ Implementing safety health environmental management systems
- ❖ Informing and appropriately training all employees and contractors on safety health and environmental matters
- ❖ Responding effectively to safety, health and environmental emergencies involving our activities and products
- ❖ As far as reasonably practicable providing appropriate resources required to implement the above
- ❖ Ensure that the healthy , safety and environmental policy is reviewed at periods not exceeding three years from the effective date or by a date set by the executive director.
