ENDURANCE TECHNOLOGY LTD.

Subject: - Emergency Preparedness Response

Purpose

The purpose of this Emergency Response Plan (ERP) is to provide details of how Devika Enterprises will prepare for and respond to a disaster or emergency situations.

Scope

This Emergency Response Plan applies to all staff, visitors and contractors of Devika Enterprises.

The department has adopted an 'all hazards approach' to the planning of response strategies to disasters or emergencies and subsequently there are generally three response strategies that can be implemented prior to, or during a disaster or emergency.

The response strategies, which can be implemented singularly or jointly, are:

1. Evacuation of the facility;
2. Lockdown of the facility;
3. Temporary Closure of the Facility,
4. Only after controlled emergency, work will be resumed.

Mission

To ensure the safety of staff and any other persons within the region.

To coordinate the regional response to a disaster or emergency.

To minimise the damage to property and facilities.

To resume services when safe to do so.

Regards,

For DEVIKA ENTERPRISES
