TO WHOM IT MAY CONCERN.

Name of Project: – Construction of PEB sheds, structures, buildings, boundary wall, water supply arrangement. Drainage, sewerage, road works, track works, power supply and general electrical works, telecommunication works and supply, installation and commissioning of machinery and plant in connection with setting up of Rail Coach Naveenikaran Karkhana at Jhansi, Uttar Pradesh (India).

We would like to appreciate Glosent Private Limited for their contribution and remarkable support extended by their team members towards the installation of LOT Gas Bank at our facility i.e Rail Coach Naveenikaran Karkhana Jhansi.

Entire process of Installation was smooth. Effective and as per the requirements following all the mandatory norms and codes. Including providing technical details. Training for operations and safety wherever required.

We highly recommend Glosent Private Limited as a trustworthy vendor for any work related to Gas and Thermal Engineering.
