### Declaration

We, Roborbit Automation and Technologies Pvt Ltd, located at Plot no B-26 Waluj MIDC Aurangabad-431136, hereby declare that the role of a Licensed Electrical Supervisor or Electrician is not applicable to our company for the following reasons:

1. Nature of Business: Our core business operations primarily involve the manufacturing of fixtures, gauges, special purpose machines, and checking machines, which do not necessitate the involvement of licensed electrical supervisors or electricians for routine processes.
2. Outsourced Electrical Work: Any electrical work required for our operations is outsourced to certified and licensed third-party electrical contractors, ensuring compliance with all relevant safety standards and regulations.
3. Internal Safety Measures: We have robust internal safety protocols and conduct regular safety audits to ensure all our electrical installations and maintenance activities are performed by qualified personnel from external agencies.

We affirm that all necessary measures are in place to maintain a safe working environment, and any specialized electrical work is handled by appropriately licensed professionals.
