**Subject: Confirmation of Inspection and Maintenance Practices**

## To Whom It May Concern,

We at New Tech Automation prioritize safety and efficiency in our operations. In alignment with industry best practices, we would like to confirm that our organization regularly inspects and maintains all hand tools, machinery, and equipment. This includes, but is not limited to:

- Cranes
- Vehicles
- Hoists and lifting tools

We adhere to a strict maintenance schedule to ensure that all tools and machinery are in optimal working condition, compliant with safety regulations, and capable of performing according to operational standards. Our team is committed to upholding a safe working environment for all employees and stakeholders by continuously monitoring and improving our maintenance practices.

Should you require further details regarding our inspection and maintenance protocols, please feel free to contact us.
