01-AUG-2024

Are all plants and equipment compliant with the safety requirements

(Including not damaged cables, no loose connections, equipped with 3 pin top

We follow following checklist

01) Ensure workers know how to use the electrical equipment safely.

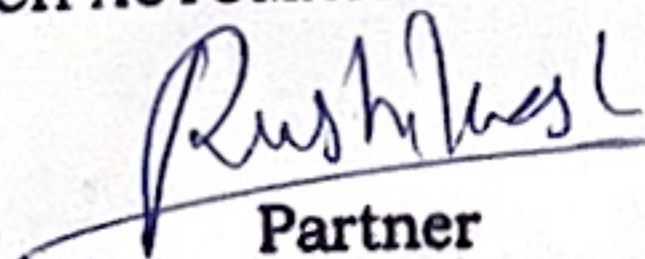

02) Stop using equipment immediately if it appears to be faulty - have it checked by a competent person.

03) Make sure enough sockets are available.

04) Ensure there are no trailing cables that can cause people to trip or fall.
