Performance Certificate

To Whomsoever it may concern

We have been using various Olympus make metallurgical microscopes supplied by M/s I.R. Technology Services Pvt. Ltd., Mumbai – 400 034 since long. In our Heat Treatment & Metallography Lab, we are using Olympus Model GX—51 with Digital Camera and Image Analysis System and several BX-41M microscopes.

The above microscopes and systems are functional and are meeting our intended use. The services rendered by M/s I.R. Technology Services Pvt. Ltd. for maintaining the systems have been satisfactory. We have no hesitation to recommend Olympus Systems.

We are issuing this certificate to them on their request to submit along with enquiries to Govt. Agencies etc.
