HSE Policy

- 1) The safety of all employees is our top priority, especially during quality inspection activities. We take every necessary precaution to ensure a secure working environment.
- 2) We will identify, assess, and manage all HSE risks associated with its operations.
- 3) The organization will minimize its environmental impact through sustainable practices and waste reduction.
- 4) We will conserve natural resources through efficient use of energy, water, and materials.
- 5) We review our health, safety environmental policy on regular intervals for its continual improvement.

Yours,

P.S. Khub
