To,

HR Manager

Endurance Technologies Ltd

Chakan

Subject: - Health Declaration

Dear Sir,

We prioritize the health, safety, and well-being of our new employees by conducting comprehensive medical check-ups. Our company doctor issues a fitness certificate to ensure they are physically capable of performing their duties.

Additionally, we provide induction training that covers essential topics such as:

- Safety procedures and protocols
- Health and hygiene best practices
- First aid and emergency response
- Proper use of Personal Protective Equipment (PPEs)

We also provide safety shoes to our employees and conduct regular inspections to ensure compliance with our safety standards.

Yours,

P.S. Khub
