Amar Engineers

Govt Licensed Elect. Contractor for: HT & LT Installation, Testing, Commissioning, Maintenance & Supply of Electrical Equipment

Date: 17-01-2025

Work Experience letter

Amar Engineers has successfully undertaken and completed various HT and LT electrification projects for **ABB India Ltd.**, **Hitachi Energy Ltd.**, **Farmson Basic drugs Pvt. Ltd.**, **Xylem Water Solution India Pvt Ltd.**, **Avenue Supermarts Ltd.**, and **Coromandel International Ltd.**, over the past since 2016. These projects involved the installation, commissioning and maintenance of electrical infrastructure as per the requirements and industry standards.

Scope of work:

1. HT and LT electrification work
2. Testing and commissioning
3. Safety compliance and Training
4. The projects were completed on schedule, meeting the client's specifications and quality standards.

Key Milestones:

- Successful delivery and installation of electrical infrastructure on time.
- Comprehensive testing and successful commissioning of all systems.

Post-Project Support:

- Ongoing maintenance and technical support as per the warranty and service agreement.

We acknowledge the successful collaboration with clients and express our satisfaction with the project's successful execution.

Thanks & regards,
