Dear Suppliers,

We at Atlas Copco , serve our customers through innovative power tools & assembly system solutions which are focused on productivity, energy efficiency ,safety & ergonomics. We always strive & expect our suppliers also to abide to all the policy guidelines mentioned in the **attached Atlascopco SHEQ policy**.

You been our business partners, it is very important that each one of us should **read this policy** & implement the applicable points at your premises /at customer sites.

Request each one of you to go through it & understand the policy guidelines clearly.

Also we expect you to spread the awareness about this **SHEQ policy within your team** .

For any clarification /queries do write back to me or your sourcing contact point.

Stay safe & Stay healthy...

Best regards,

Anant Murkute

Manager- SHEQ
