

Health, Safety and Environment Policy

Date- 30/05/2022

Health, Safety & Environmental Policy Our Company is committed to ensuring a safe and healthful workplace and protecting the environment. We believe that safety and protecting the environment is good business and that all work-related injuries, illnesses, property losses and adverse environmental impacts are preventable.

To fulfil this commitment, our Company will:

- Ensure that management accepts full responsibility for protecting workers and the environment.
- Give health, safety and environmental considerations equal status with the Company's other business objectives and integrate them into all aspects of our work.
- Work actively to continuously improve health, safety and environmental performance.
- Only start work after confirming that essential health, safety and environmental protection systems are in place, and willingly suspend activities if safety, health or the protection of the environment would be compromised.
- Encourage supervisors and workers (employees and contractors) to be individually responsible for identifying and eliminating hazards, preventing injury to themselves and others, and preventing adverse environmental impacts.
- Provide personnel with sufficient training, resources and systems.
- Minimize waste generation, air emissions and other discharges from our activities to the environment.
- Develop, implement and manage a system of accountability for health, safety and environment roles and responsibilities at all levels of the company.

We firmly believe responsibility for application of this policy rests with management, employees and contractors associated with our Company.

SR Engineering Solutions Will implements the Policy, in combination with the Health Safety and Environmental regulations, standards and codes of practices of our Clients in accordance with the applicable national and international Laws.
