HEALTH AND SAFETY POLICY

Industrial Oil Filtration Services is a firm committed to the safety and well being of everyone involved in the business whether you work directly for Endurance Tech. Ltd. OR Sub-contract to us. Your safety is our top priority, our safety representative is Mr. Ghanshyam Ghule and his phone number is 8530803680

Health and safety in our organization starts from the top down and we encourage open communication between all members of the company when it comes to their safety. Safety in the workspace starts from the top down and management is fully committed to be continually improving our system and processes if any member of the company feels at any point that they are unsafe in the workplace an open line of communication has been set up.

We as a company commit to maintaining a clean and hazard free workplace and to always looking out for new hazards in the workplace. All members of staff and management are required to report any new hazards immediately. New hazards will be analysed and the appropriate action be taken company wide.

Industrial Oil Filtration Services health and safety procedure are audited twice a year at minimum but should be continuously updated if new hazards are discovered to processes change.
