European REACH Regulation

According to EU REACH Regulation No. 1907/2006 Article 33 (1), suppliers of articles (article means an object which during production is given a special shape, surface or design which determines its function to a greater degree than its chemical composition does) shall inform their customers about the presence of Substances of Very High Concern (SVHC) if more than 0.1% by weight of the article. The respective list of SVHC can be found under following link: <https://echa.europa.eu/candidate-list-table>.

A supplier who delivers such articles, shall provide information as per Article 33 REACH Regulation. This comprehensive information must be provided in such a way that SVHC contained can be precisely assigned to the respective article(s) and shall at least consist of the name and the identification number (CAS number and/or EC number stated in the SVHC-list) of the respective SVHC. In addition, a safe use instruction shall be given.

If Article 31 of the REACH Regulation 1907/2006 is applicable for supplies of substances and mixtures, a safety data sheet shall be provided by the supplier to Andritz.

The requested data and documentations must be sent in English language together with the purchase order number to materialcompliance@andritz.com and to the project-specific e-mail address.

Yours sincerely
