

Environment, Health and Safety Policy

For over 75 years, Forbes Marshall has been providing innovative solutions to help businesses improve their process and energy efficiency and be more environmentally responsible. We are committed to:

- Continual improvement of our environmental, occupational health and safety performance.
- Complying with all applicable legal and other requirements related to Environmental aspects, Health, Safety and Occupational hazards.

We shall achieve this by:

- Creating a proactive “Environment, Health and Safety Management System” that addresses significant environmental aspects, safety, and occupational health related to all our activities, products and services
- Minimising waste generation and conservation of natural resources through use of better technology and practices for prevention of pollution.
- Striving to ensure that our processes are such that our members are free from injuries and ill health by making efforts to reduce unsafe and unhealthy work practices and conditions.
- Identifying potential risks and hazards and following safe work practices.
- Continuing to develop energy saving solutions to help industries worldwide reduce their impact on the environment.
- Striving to develop new products and solutions that help our customers be increasingly frugal in their use of natural resources.

At Forbes Marshall, we are responsible for creating, preserving and improving our operations to achieve a cleaner, healthier and safer work environment for our members and all our stake holders, including the community we operate in.
