

AMBIT®

providing peace of mind....

HEALTH, SAFETY AND ENVIRONMENT (HSE) POLICY

OUR COMMITMENTS

We at Ambit Electronic Security Services, are committed to demonstrate excellence and seek to continually improve our occupational Health, Safety and Environmental (HSE) performance.

HEALTH & SAFETY

We strive to ensure Safe and Healthy Working environment with zero work related injuries or ill-health of our people. We strongly believe that these can be prevented.

ENVIRONMENT

We care for the environment and committed to its protection and efficient use of resources to prevent and reduce pollution.

We shall communicate this policy to all persons working for or on behalf of our organization and also the same will be made available to public, business associates and interested parties to encourage participation.

OUR ACTIONS

To meet our HSE commitments we will comply with all applicable HSE Legislation and all that is related to our Environmental Aspects and OHS hazards.

Integrate HSE policies in all our activities at planning level itself to ensure effective resource management and waste avoidance and following sound HSE practices as applicable.

Promote safe behavior and adherence to working procedures amongst those who work for us or with us by following a process of active engagement.

Strengthen the awareness, skills and competence of our employees and associates to enable them to work with our HSE requirements.

Establish and periodically review our HSE Management system to drive our performance in line with our stakeholders' expectations and publish the HSE performance in annual reports.
