

ASK Automations

Manufacturer Of: Conveyors, Special Purpose Machine, Material Handling Equipments Industrial Automations, Pneumatic and Hydraulic Systems, Hydraulic Power Pack All types of fabrication works, Inspection Table, Fixtures.

Address: Gut 84, S. No. 94/4, Jyotiba Nagar, Talawade pune-411062.

Dear Sir,

We have been running our business operations of Manufacturing of SPM, Automations, material handling systems, from last 04 years. In order to achieve our target.

We have qualified engineers working with us having actual field / shop floor experience in different industries like steel plant, Casting plant, Automobile, Precision Engineering plant, Cable manufacturing plant, Consumer Electronics, Electroplating plant, for more than 10 years. At present our technical Manpower is 10, out of which 04 are Degree and Diploma holders in Electronics/Electricals & Mechanicals and remaining are skilled Workers.

Kindly find enclosed herewith our company profile for your kind perusal. We hope it will help you to understand our capabilities leading to allocation of any automation project going on in your esteemed organization.

Thanking you.

With Regards,

Sunil R Kulkarni

COMPANY PROFILE

MISSION: To excel as one of the best turnkey Automation Project Provider less than one roof with international **Quality Standard**.

BUSINESS: The Company undertakes full turnkey projects right from offering Technical Consultancy / System Engineering to the execution of projects for industrial Automation application. Deals in **SPM's, PLC's** ,operating consoles, Drives, **Industrial Robots**, Pneumatics, Hydraulics, Servos, Steppers, and **instrumentation** products, control panels .

THE PROCESS CONTENT:

- Technical feasibility study
- Conceptualization
- System Engineering
- **SPM designing as per client's requirement**
- User friendly operator console designing
- Selection of various Electrical & Electronic Equipment
- **CNC,PLC interface designing**
- Machine sequence program development
- Pneumatic & Hydraulic Control System Designing
- **Industrial ROBOT interfacing with PLC and installation & commissioning**
- **Pokayoke of Machine Tools**
- **Different Industrial Sensors based Automation Projects**
- Robotic Cell Installation Commissioning & job trials

EXPERIENCE: The Company has successfully executed projects related to the following machines and process industries.

MACHINE TOOLS:

- GATE CUTTING FOR ALUMINIUM CASTINGS/WHEELS.
- PUNCHING
- DRILLING & TAPPING
- HYDRAULIC PRESS
- PNEUMATIC PRESS
- **ROBOT BASED DEBURRING MACHINE**
- PNEUMATIC AUTOMATION, ROBOTIC PICK & PLACE
- **LEAK TESTING MACHINES FOR ALUMINIUM CASTINGS/WHEELS**
- **POKAYOKE AND INTERLOCKING OF DIFFERENT MACHINES**
- HYDRAULIC AUTOMATION

OUR VALUED CUSTOMERS LIST:

- **Enkei Wheels India Ltd.**
- **Bharat Forge Ltd.**
- **Endurance Technologies Pvt.Ltd.**
- **Klassic Wheels Ahmednagar**
- **Rock man Industries-Tirupati AP**
- **Alicon Castalloy LTD.**
